Hello Ken –

I just wanted to offer you any information you might need on the R9 Water involvement in the response w regards to the Navajo. Our DW project officer is on the ground with the Navajo Drinking Water program (they have primacy for most of the systems) and working with the Navajo Tribal Utility Authority. We are plugged into the calls between the Regions and working through our ER office. Please let me know if you would like a phone update at any point or feel free to send any questions our way.

Mike
